

SoftAtHome and Orange Win the 2017 GTB Best Consumer Service Innovation Award

Global Telecoms Business Innovation Summit, London, UK, May 24th, 2017 – SoftAtHome, a software provider of operator CPE devices enabling convergent services for the digital home, is proud to have partnered with Orange and won this year's GTB Innovation Award for "Best Consumer Service Innovation".

SoftAtHome software powers the Orange LiveBox 4, true digital heart of the home, transforming living rooms into cinemas, with live and on-demand immersive Ultra HD programs. It has many innovative features: Best-in-class Wi-Fi, cinema quality with Ultra HD, security with a plug and play NAS server, more than 300 games, etc. It is Orange's first plug-and-play device, where installation requires simply connecting the device to the network and confirming one link on one SMS, all the rest is automatic.

The GTB Innovation Awards celebrate excellence in telecom innovation around the globe. This event is recognized within the industry and took place on 23rd of May 2017 at the Marriott Hotel, Grovesnor Square, London.

About SoftAtHome

SoftAtHome is a fast-growing software company delivering leading connectivity, Pay TV and digital services for Operator devices in the home. Through its SOP product, SoftAtHome is empowering operators to compete against local competition and global players alike by leveraging the ecosystem to deliver outstanding services. SOP is central to delivering standard based cost-effective solutions that are simple and long lasting. Its solutions are already deployed on over 30 million homes in more than 18 countries in multiple broadband and broadcast deployments for major operators.

The company is headquartered in France with development and sales teams also in Belgium and the UAE.
